Report of the Supervisory Committee

Maui County Federal Credit Union's Supervisory Committee is responsible for ensuring that credit union policies and procedures adequately protect the shareholders' interest; for providing reasonable assurance that regulations, policies and procedures that govern the institution are properly followed; and for providing an annual report on the credit union's financial condition and results of operations.

The Annual Comprehensive audit of our Credit Union conducted by CU Pacific Audit Solutions, LLC was completed in November 2010. The audit covered the period from October 1, 2009 to September 30, 2010. The federal examiners of the National Credit Union Administration (NCUA) also audited the Credit Union. These examinations of the Maui County FCU's financial statements and practices, have revealed the Credit Union to be sound condition both financially and administratively.

Overall, our Credit Union continues to be financially sound and growing at a steady pace despite the continuing economic downturn. Direction by Management and Board of Directors, have ensured that our Credit Union's financial condition is never in jeopardy. By secured investments, the Credit Union has isolated itself from much of the sub-prime and credit crunch debacle occurring in the economy and closing many other less financially fit financial institutions.

Please remember that your monies are now insured up to \$250,000 by the NCUA further ensuring that our money is safe with our Credit Union. We understand that as guardians of your money, the Supervisory Committee must remain ever vigilant and will continue to work towards safeguarding your assets as well as your trust.

Management, Board of Directors and staff deserve to be highly commended for their excellent effort in continuing to provide meaningful and profitable services to the members of MCFCU.

Respectfully submitted,

Robert S. Kawahara
Supervisory Committee Chairperson

Report of the Chairman and Board of Directors

2010 proved to be another challenging year for your credit union and the credit union members. As the economic environment continued its downturn, the County of Maui was no different. State and County furloughs were still in effect, Maui's unemployment hovered around 8-9%.

The result was increased delinquencies in both the consumer and real estate loans. With decreased market valuations on home and properties, MCFCU has had to realize substantial losses. As a member owned cooperative, when fellow members default on their loans, it has a direct impact on the entire membership. The result was lowering dividend rates and other cost cutting initiatives.

On top of a substantial increase to the Allowance for Loan & Lease Losses, all Federal Credit Unions were subject to 2 assessments from the National Credit Union Administration. These assessments were mandated by our Federal Regulators and will continue over the next 10 years. A total of \$567,442.12 was paid out to the NCUA in 2010. The projected amount for 2011 is double that amount.

In April 2010, as an added convenience we opened our first branch office in the Maui Market Place in Kahului. If you haven't checked it out, please stop by. The Maui Market Place branch is the only branch open on Saturdays.

Financially, the 2009 financials were re-stated due to an additional \$2.2M added to the Allowance for Loan & Lease Losses (ALLL) account. This was done to have enough reserves to cover for potential loan losses. The net worth for 2010 was 11.04%. The industry standard is 7% so your credit union is well capitalized per NCUA guidelines.

As we move into 2011, emphasis is to continue to work with our members through their difficult times, enhance member service, continue to provide electronic services and preserve the credit union's net worth. It's definitely a challenging time, but "Tough Times don't last, Tough People Do", and your Credit Union team is TOUGH!
